

Conservation of the Brown Bear
(*Ursus arctos*) population in Romania
LIFE FOR BEAR - LIFE13 NAT/RO/001154

Project funded by LIFE + Natura Programme
of the European Commission.

DECEMBER 2021

PRESS RELEASE

Regarding the completion of the Project LIFE 13 NAT/ RO / 001154 / LIFE FOR BEAR „Conservation of the Brown Bear (*Ursus arctos*) population in Romania”

The project, co-financed by the European Commission through the LIFE + Nature program, took place between 01.10.2014 - 31.12.2021, Coordinated by the National Institute for Research and Development in Forestry Marin Drăcea - Braşov, in partnership with Associates Beneficiary: Ministry of Environment, Waters and Forests, Local Forests Public Administration Kronstadt R.A., The Forest District of Râşnov R.A., R.N.P. ROMSILVA – Bucegi Natural Park Administration R.A. and Carpathian Foundation.

The final conference will take place online, on the ZOOM platform, on 21.01.2022, starting at 10:00. The conference access link will be available on the project website and Facebook page:

<https://lifeforbear.ro/en/press-releases/>

<https://www.facebook.com/lifeforbear>

On this occasion, the results of the project and future actions to ensure sustainability will be presented.

The project addressed a complex management of bear-human conflicts, by testing new methods, improving those previously applied, and optimizing the solutions needed to reduce conflicts.
